Augusta hearing Monday on latest bingo bill

By MICHAEL DANIELS

On Monday, April 27, the Legal Affairs Committee of the Maine Legislature will hold a public hearing on a bill which, if passed as currently written, could once again open the door for "high-stakes" bingo in Albany Township.

The hearing will begin at 9 a.m., in Room 437 of the State House in Augusta.

On the agenda will be "LD 526 — An Act To Clarify the Beano and Bingo Laws as They Apply to Federally Recognized Indian Tribes," as well as a number of other bills, including one to allow a "resort casino" in Oxford County.

"I would encourage anyone who is interested in LD 526 or the other scheduled bills to attend the Public Hearing, whether to express an opinion or just listen to what is being discussed," said Jeff Rosenblatt.

An attorney who has lived in the township since 1972, Rosenblatt has been a leader in the battle against high-stakes gambling on land owned by the Passamaquoddy Tribe in Albany.

He said he has been told it is not the intent of the bill's sponsor, Rep. Richard Cleary of Houlton, to re-open the gambling issue in Albany.

But nonetheless, Rosenblatt said, "The current language of LD 526 would once again make land in Albany Township eligible for a "high-stakes" bingo hall. We are hoping that the committee will consider an amendment to LD 526 that would limit the bill to its original purpose, which is to al-

W. Bethel slaying suspect indicted

A grand jury last week indicted a 23-year-old man in the bludgeoning and strangulation death of a Raymond landscaper in February.

Agostino Samson, of River Road in Windham and formerly of Bethel, faces 25 years to life in prison if convicted of the murder charge.

He was arrested 12 days after the body of 25-year-old Scott Libby was found in Libby's car, which had been parked on the railroad tracks in Bethel and struck by a train in the early morning hours of Feb. 20.

Dr. Marguerite DeWitt, deputy chief medical examiner for the state, determined that Libby's injuries were inconsistent with those the train would have caused.

New owners plan to convert Sunday River Inn to ski shop

By ALISON ALOISIO

Newry's Sunday River Inn will be an inn no more under its new ownership, but the cross-country ski trails will remain open.

Buyers Bill McSherry and Justin Van Til of "SnowConnect" described their plans for the inn and cross-country center to the Planning Board last week.

The inn, built in 1965, will become a retail ski shop. The

property will continue to function as a cross-country center.

"We're a specialty snowsports retailer focused on alpine and Nordic skiing, and we're a small, Maine-based company," McSherry told the board.

SnowConnect has two other shops, in Portland and Boston, he said.

The business will continue the tradition established by

long-time inn owners Steve and Peggy Wight of playing a large role in the community.

"A big part of our business is to be significantly involved in the community," said McSherry.

For example, he said, the association with the Maine Handicapped Ski Program will expand.

Newry seeks ideas on Branch Rd. access during bridge replacement

By ALISON ALOISIO

Newry selectmen will send letters to Branch Road residents asking for their concerns about a project to replace the Eames Bridge.

Work is planned for this summer.

The portion of the project that has prompted the most discussion has not been the new bridge, but a temporary bridge that will provide access to the dead-end road during construction.

The temporary structure will only be needed for approximately two weeks, while the main bridge is completely shut down.

About a dozen people live on the road.

A 40-foot-long permanent bridge is estimated to cost \$120,000. But a temporary bridge capable of carrying car traffic is estimated at

'Scenic Touring Route' map of Androscoggin headwaters now online

By MICHAEL DANIELS

If visitors from away, enjoying the Mahoosuc Initiative's "Spectacular Scenic Touring Route" through the headwaters of the Androscoggin River, find themselves curious about some stop along the way, or perhaps wondering what might lie ahead, they now need look no further than their iPhone.

Ditto if they're out there on the 100-mile loop, which follows routes 2, 16 and 26, and unexpectedly find themselves in need of the nearest public restroom.

And would-be visitors contemplating an outing can simply sit down at their home computer, where they will quickly find detailed information (including maps and links) on such topics as the Androscoggin Canoe Trial, how to find a guide or outdoor gear dealer, scenic overlooks, and the region's historical and cultural resources.

The new website is an online version of the hard-copy tourist map published last summer by the Mahoosuc Initiative (MI), with help from the Androscoggin Valley, Umbagog Area, and Bethel Area chambers of commerce.

The map laid out a scenic loop along routes 2, 16 and 26, as they circle the Mahoosuc Range and pass through the upper stretches of the Androscoggin River watershed.

Titled "Spectacular Scenic Touring Loop in the Mahoosucs," the map provided information about outdoor activities, as well as interesting facts about natural features

Hard-won lessons from Nigerian polio survivor

By LYNN ARIZZI

Ayuba Gufwan contracted polio when he was four years old.

Youngsters in his native Nigeria who have the disease are not treated. They are considered "throw away children," and rehabilitation services are not provided.

Because they often lose the use of their legs, most can only get around by crawling. As a result, they cannot attend school, often several kilometers away.

For some, mobility is provided through wheelchairs, built by hand, that are powered by the recipient's hand-arm power rather than their legs.

At the age of 18, Ayuba's uncle gave him a bicycle wheelchair, allowing him to attend school for the first time.

Ayuba did well in school, earning a teaching certificate and a law degree, but he ultimately felt he could better serve his people by building bicycle wheelchairs.

He has dedicated himself to advocating for the needs of polio survivors and to providing bicycle wheelchairs, free of charge, to polio survivors.

The beneficiaries must agree to either attend school and graduate or enroll in vocational training.

Ayuba built his first bike in 1999. Now his factory has 18 employees, four of whom are polio survivors.

To date they have built 2,700 bicycle chairs, which cost approximately \$150 each to produce.

A GREAT IDEA, BUT IN GILEAD

To the Editor:

In last week's Bethel Citizen, April 16, 2009 article: Grant sought to study feasibility of regional visitors Center here.

I was concerned that my project was coming to life with a grant application, for a grant from The Rural Business Opportunity Grant submitted by the Androscoggin Valley Council of Governments. The grant application has already been submitted and Mr. Ferg Lea expects a response in May. Mr. Ferg Lea working with Robin Zinchuk, executive of the Chamber of Commerce, as reported in the Citizen, the idea for a visitors center was born last year out of regional envisioning meeting organized by the Maine Department of Economic Community Development and hosted by Sunday River ski Resort.

We attended this meeting to see if there were any monies from the loaning organizations, that attended this meeting. The monies will be used to buy back our property and open the Welcome to Maine Center, Showcase Advertising for Maine's Home Based and Small Businesses, and The Snack Shack Convenience Store, at Freedom Square in Gilead, Maine, that has been foreclosed against by Maine State Housing Authority July 15, 2008. The property and the Center has been approved by the town of Gilead and licensed by the state of Maine. We have been developing this project called the Community Attributes People Involved in Self Help Project for four years and have submitted our business plan to Kay Bank and Northeast Bank in Bethel, Bangor Savings in Augusta, TD Banknorth in Norway, T&M Mortgage in Auburn, Maine.

I have been working with a Certified Business Counselor since Dec. 29, 2008 at AVCOG to see why we were not allowed to get any funds or an application procedure from the banks or loaning organizations mentioned above. We have also spoken to the Maine's Office of Tourism and the Maine Tourist Association. Although all of them agreed that our project is a great project, they said there was nothing they could do for us and most of them would not send back our business.

Mr. Ferg Lea and Robin Zinchuk's description of their newly born idea, their idea has already been designed and developed by Freedom Square Development, developers: Robert and Darlene Corriveau-Levesque in Gilead.

Mr. Ferg Lea was hired by the town of Gilead to update Gilead's Comprehensive Plan since March 2006. The Center was opened May 15, 2007. I presented information about the Center at the Gilead Comprehensive Planning Committee meeting, Jan. 17, 2008, that Ferg Lea and the Gilead Comprehensive Planning Committee conducted this meeting, so Mr. Lea must have known that his new idea was already in place and developed.

I guess the article should be a compliment from Ferg Lea and Robin Zinchuk that the Center in Gilead is a very good idea and there is no need to move the project to Bethel.

We will be writing more on this topic.

Robert and Darlene Corriveau-Levesque Jr.

MOTHER'S DAY MADNESS IN BETHEL

To the Editor:

Several Bethel area businesses have joined together for a spring Buy Local Promotion entitled Mother's Day Madness in Bethel, spanning May 1 thru 10 in participating shops and restaurants. There will be special savings of between 10 to 30 percent for the duration of the promotion, and on Saturday, May 9, sidewalk sales and events will be held throughout the area. Some of the businesses will be offering free carnations for Mom, while quantities last!

The restaurants will be offering Mother's Day specials on May 10 and the dates leading up to that wonderful day — one created to celebrate that special Mom in your life.

Be on the lookout for a promotional insert in the April 30 edition of The Bethel Citizen as well as a promotional mailing that will be arriving in your mailbox on Saturday, May 2.

Bring either of these to participating businesses and enter to win a \$100 "Bethel Bucks" shopping spree. Drawing for the winner will occur on May 15.

Participating businesses can be located May 9 and 10, by looking for balloons near their entrances.

Many thanks to the following for their participation: 22 Broad Street at Gideon Hastings House, 32 Parkway Plaza, The Bethel Citizen, Books-N-Things, Brooks Bros., Inc., Designs Florist and Interiors, Good Food Store, Jade's Salon, The Jolly Drayman/Briar Lea Inn, Linda Clifford Scottish and Irish Merchant, Little Bits Consignment/Sherpa Babies, Maine Line Products, Mouse and Bean Internet Café, Mt. Mann Jewelers, Pooh Corner Farm and Greenhouses, Ruthie's, S.S. Milton, Sudbury Inn, Sunday River Gems, Timberlake's Home Store, True North Adventureware, The Victoria Inn and Restaurant, Western Maine Supply, and Wild Rose.

These local businesses as well as all the other businesses throughout the Bethel area appreciate your consideration of Buying Local. The owners of these businesses provide jobs to our Bethel area residents and circulate a tremendous amount of their income back into our local economy, unlike the big box stores that try to lure people in with their pricing. Let's all get into the "habit" of thinking Local before driving out of town to shop or eat!

of the Bethel Area Chamber of Commerce.

ADDITIONAL CHAMBER AWARDEES

To the Editor:

The Bethel Area Chamber of Commerce is pleased to announce two more award recipients to be recognized at the 40th Anniversary Awards Dinner and Celebration on Friday, May 8. All are welcomed to attend the event.

The newest award category is the Rising Star Entrepreneur Award and it is going to be presented to Sam and Karen Saito of Homeslice Pizza. Sam, who is originally from Brooklyn, N.Y., met Bethel local Karen Wheeler when they were both working at Heavenly Ski Resort in Lake Tahoe. Karen convinced Sam that life in Bethel would be great and they moved back East to start their life together in Karen's hometown. Sam acquired his cooking skills through practice at a variety of businesses, most recently being the executive chef at the Sunday River Brewing Co. When Finish Line Pizza was put on the market, Sam and Karen saw an opportunity to start their own business and serve the delicious pizza that Sam grew up eating (and learning how to prepare!) in New York. Karen works at Sunday River and they have a young family, two little girls under the age of 2. Theirs is a story of a young couple, willing to roll up their sleeves to do what needs to be done to operate a successful small business. We are pleased to have the opportunity to recognize their efforts.

As sometimes is the case, we receive a nomination for someone who falls outside of the traditional award categories. The leadership of the chamber agrees that Betsy and Dennis Doyon should be recognized and celebrated for their incredible service as volunteers and then employees of Maine Handicapped Skiing for almost two decades. Under Betsy's leadership as executive director for the past twelve years, the program has grown and flourished to its present level. Dennis has been a tremendous asset to Maine Handicapped Skiing as the equipment manager. His ability to connect with everyone who is served through the program no matter what his or her disability is legendary. He pushes relentlessly to get the right equipment and resources for the program and he has served all the volunteers and participants with total joy for many years. Dennis and Betsy are both retiring from Maine Handicapped Skiing to focus their efforts entirely on their new business. The chamber is happy to join with the MHS Board, staff, volunteers and all those they have touched over the years in thanking them and providing them with a Special Recognition Award.

We would like to remind everyone that this event is open to all community members and friends and an RSVP to the chamber office by Monday, May 4, is required to secure your seat and meal. A full dinner and evening of recognition is \$38 per person.

Robin Zinchuk

erty will be converted to a center for MHS.

The building, which sits near the Skiway Access Road, will be moved to the back of the property.

A small shed that currently serves as the MHS base will become a tuning location.

"The shed that houses Maine Handicapped Skiing is too small," said McSherry. "It will become the real tuning spot for our high-performance Nordic guests."

Van Til described other community-service roles planned by SnowConnect.

"We plan to do work with foundations and mentoring," he said. "We'd like to consider it as a civic place."

A formal application is expected to be presented to the board at its May 6 meeting.

Another snowboard shop
Planners also received an application for a new commercial building to house a snowboard shop.

A 56x36 building is proposed as part of the existing Timber Creek condominium development on the Sunday River Road, across from the Sunday River Gems shop.

Engineer Tom DuBois of Main Land Consultants represents Webb Builders on the project.

The building would have a road entrance separate from the one for the condominium project, he said.

The board will consider the application further at its next meeting.

If both the SnowConnect and Timber Creek plans come to fruition, a total of six ski/snowboard shops would be located on the Sunday River/Skiway Access roads leading to Sunday River Ski Resort.

Bridge

Continued from page 1

Selectmen met Tuesday with engineer Eric Calderwood of Richmond, who has designed the new bridge.

In an effort to save the town much of the \$50,000 for a temporary bridge, they discussed other options.

Among them: set up a temporary pedestrian bridge and have residents park a vehicle on both

sides, or put residents up in a condominium for two weeks.

Regarding fire protection during that time, selectmen said they could arrange, to park a fire truck on the far side of the bridge.

The letter will ask residents to contact the town by May 15 with questions and concerns.

"We want to make this as

painless as possible," said chairman Jim Largess.

Calderwood said the portion of the permanent bridge work that will take place in the water is restricted to the period of mid-July to October.

The time restriction, required by the Army Corps of Engineers, lessens the possible impact on spawning fish.

en with a cast-iron frying pan and strangled with a belt, according to an affidavit filed by Maine State Police Det. Herbert Leighton.

Libby and Samson had known each other for about seven years prior to Libby's death, and Samson had worked for Libby's landscaping business in the summer of 2008.

Samson had been working as a cook at the Matterhorn Ski Bar in Newry and staying at the Bethel Hostel on Route 2. Libby met with Samson at the hostel on Feb. 19 to collect \$400 he had loaned Samson during the summer and return a watch and bracelet he had taken from Samson as collateral, Leighton stated.

Samson told police that the exchange happened without incident, and that Libby left the hostel promising to speak to Samson about rehiring him for landscaping work this summer. He later changed his story to say he punched Libby in

the face twice after Libby made sexual advances toward him.

Libby was found in his 2007 Chevrolet Cobalt, which was hit from behind by a slow-moving freight train shortly before 3 a.m. on Feb. 20. The car had been driven onto the tracks and was about 200 feet west of the Barker Road crossing, which is less than a mile from the hostel where Samson lived.

Police found the interior and exterior of the car covered with blood. They also discovered the broken handle of a cast-iron frying pan inside the car. The pan was consistent with two that were missing from the hostel, and blood on the handle matched Libby's DNA profile, the affidavit said.

Police also discovered apparent bloodstains on the outside doorknobs of the two main entrances to the hostel. Several of Libby's business cards, as well as bloodstain patterns, were found about a quarter-

mile south of the hostel on Westwood Road, investigators said.

Samson was an honor student at Oxford Hills Comprehensive High School in Paris, and graduated from there in 2004. He has a conviction for the sale and use of drug paraphernalia in 2007.

Libby graduated from Windham High School in 2001 and Bentley College in Waltham, Mass., in 2005. He was the owner of Libby's Landscaping and Greenhouse, and also worked for H&R Block in Windham.

Samson is being held at the Androscoggin County Jail in Auburn following his transfer from the Oxford County Jail after a confrontation with other inmates in late March. Samson was briefly hospitalized after that fight with other inmates in a maximum-security block at the Oxford County Jail, and had been involved in two prior fights

Consolidation penalty fluctuates

BETHEL—SAD44's financial penalty for failure to consolidate with SAU37 has become a moving target for district administrators and directors trying to build an FY'10 budget. Although district voters approved a consolidation plan in January with SAU37 (Rangeley), that school system defeated the proposal. But under current law, both systems stand to pay a penalty in the form of lost state aid. SAD44 has been working with a figure of approximately \$185,000. Supt. Dave Murphy recently learned that the final penalty figure would be \$172,803. But last Friday, he said, "We received news that the penalty had been recalculated, and now stands at \$198,404." The Legislature is expected to consider a bill that would exempt districts that voted in favor of consolidation from a penalty. But SAD44 must proceed with its budget, at least for now, on the assumption the penalty will apply, Murphy said.

Region 9 board approves budget

MEXICO—The Region 9 School of Applied Technology board on Tuesday approved a \$2 million secondary school budget for fiscal year 2009-10. The board also unanimously approved an adult education budget of \$296,945. There was little discussion. Directors applied an \$80,000 carryover to reduce the \$2 million secondary school budget to \$1.93 million. That amount is up \$30,130 over the current budget. Electricity costs budgeted at \$25,000 for the new school building are driving the bulk of the increase, according to Director Brenda Gammon. To keep budget costs down, the board cut a total of \$26,000 by giving teachers 3-percent, across-the-board raises rather than expected step hikes. For example, Gammon said, a teacher's salary of \$42,310 would have been \$46,226 under the step system. However, with a 3-percent raise, the teacher actually loses \$2,646.70 from the step hike, giving the person a new salary of \$43,579. The Region 9 and adult education budgets will go to voters in the Rumford, Bethel and Dixfield school districts May 19.

Maine unemployment rate up

AUGUSTA—State Labor Commissioner Laura Fortman announced that the preliminary seasonally-adjusted March unemployment rate for Maine was 8.1 percent, up from a revised rate of 7.8 percent for February and 5.0 percent for March 2008. The national unemployment rate was 8.5 percent for March, up from 8.1 percent for February and 5.1 percent for March 2008. "March was another tough month for workers and businesses, as the global recession continued to take a toll on the Maine economy," said Fortman. "Although Maine's unemployment rate continued to track slightly below the national rate, 2,600 jobs were lost in Maine over the month, led by losses in construction, manufacturing, retail trade, and professional and business services." Labor market conditions continued to weaken nationally and in Maine between February and March, "There was a net decline of 2,600 nonfarm wage and salary jobs in Maine between February and March, led by losses in construction, manufacturing, retail trade, and professional and business services." Between March 2008 and March 2009, the number of seasonally-adjusted nonfarm wage and salary jobs fell 17,000. Job losses were registered in trade, transportation, and utilities; manufacturing; construction; leisure and hospitality services; financial activities; government; professional and business services; information; and other services.

PARIS—A 55-year-old Andover man pleaded not guilty Friday to 11 counts of sexual abuse of a young child. Wilbur H. Hansen of South Main Street appeared in Oxford County Superior Court before Justice Joseph Jabar. Hansen was indicted in February on eight counts of gross sexual assault and three counts of unlawful sexual conduct. The alleged crimes occurred between October 2001, when the child was 5 years old, and July 2005. Hansen is free on personal recognizance bail. A condition of his bail is that he have no contact with children under the age of 16.

PARIS—An 18-year-old Brownfield woman has been indicted on a manslaughter charge in the death of a woman who succumbed to injuries after being struck by a car in a hit-and-run accident in Fryeburg. The Oxford County grand jury on Friday also indicted Tiffany Hamlyn on charges of aggravated operating under the influence and leaving the scene of an accident. The victim, Tiffany Hamilton, died March 27 in a Lewiston hospital, the day after she was injured on Route 113 outside her home.

low the Houlton Band of Maliseet Indians to operate a high-stakes bingo hall, a privilege now extended only to the Passamaquoddy Tribe and the Penobscot Nation.

"Unfortunately, the bill as written is much broader and potentially includes the site of the previously proposed Passamaquoddy Bingo Hall in Albany."

Rosenblatt said State Rep. Jarrod Crockett of Bethel, "has been very responsive and helpful to us."

"I understand that he has

spoken to the sponsor of the bill, Rep. Richard Cleary of Houlton and confirmed that the sole purpose of the bill is to benefit the Maliseet Tribe. I am hopeful that the bill will be amended so it would not involve any land in Albany," Rosenblatt said.

"Rep. Donald Sotomah of the Passamaquoddy Tribe has also confirmed that the Passamaquoddy Tribe has no interest at this time in the Albany bingo hall project, and he also has no objection to amending LD 526 to make it clear that it applies only to

the Maliseets in Houlton."

But despite these assurances, Rosenblatt is still urging anyone who cannot attend Monday's hearing to write or e-mail Crockett or members of the Legal Committee.

Crockett's mailing address is P.O. Box 701, Bethel, 04217.

His legislative e-mail is RepJarrod.Crockett@legislature.maine.gov.

Contact information for members of the Legal Committee can be found at www.maine.gov/legis/house/jt_com/lva.htm.

Map

Continued from page 1

and the region's cultural heritage, from Errol to Shelburne in New Hampshire and from Upton to Bethel, to Gilead in Maine.

The map was an instant hit.

"Ten thousand maps were printed and much to our surprise and delight, all 10,000 have been distributed across the region and beyond," said Jeremy Sheaffer of The Wilderness Society, a MI partner organization.

The launching of an interactive, web-based version of the map is a further effort raise the visibility of the region's public lands, highlight their importance to outdoor recreation businesses, and to build support for additional land protection.

The map website was designed and produced by Connie St. Pierre, of Tourmaline Media in Bethel.

"Each location on the map is marked with icons representing the services offered, or activities available there, and the links are clickable to lead you to the information about that site," St. Pierre said.

"The map listings are very thorough, and provide contact information and details in addition to the location. ... It's a great tool for planning a trip, or just an afternoon outing," she said.

The next step, MI organizers hope, will be for more area chambers of commerce, regional and state tourism organizations, as well as individual businesses will link their websites to the interactive map, thus increasing its effectiveness in driving potential customers to local businesses.

"I really like the ease of access to the map," said Steve

Wight, owner of the Sunday River Cross Country Center in Newry.

Heather Piche, owner of North Woods Rafting, in Milan, N.H. calls the site "a terrifically useful tool."

And, notes St. Pierre, the web-based map can be quickly updated as realities on the ground evolve.

The Mahoosuc Initiative is a group of organizations and individuals working together to understand changes in the landscape and economy of the region surrounding the Mahoosuc Range and the upper Androscoggin River valley and to support community efforts to address challenges and promote the region.

More information on MI can be found at their website www.mahoosucinfo.org.

Polio

Continued from page 1

Last week, Ayuba spoke to the Rotary Club of Bethel.

He was accompanied by his hostess in the United States, Ann Lee Hussey of South Berwick, a polio survivor herself.

Ayuba showed a video of his country's many polio survivors.

He praised Rotary International's project to eradicate polio by vaccinating all children under 5 in infected countries.

But, he said, it is important to not lose sight of the hundreds of thousands of polio survivors who need rehabilitation.

CPS and THS

After speaking at the Rotary meeting, Ayuba and Ann Lee visited Crescent Park Elementary School, where pupils watched the video.

Because polio has been eradicated in the United States, the youngsters did not have first hand knowledge of the disease. (The last outbreak of polio in the U.S. took place in 1979, according to the Center for Disease Control.)

The CPS children had many questions:

Are you born with polio?

How do you immunize children?

What does eradicate mean?

How do people make the bicycle wheelchairs move?

How do you get from your car to your house or factory? (Ayuba showed them blocks of wood with attached handles that he uses for crawling. There are no ramps or other facilities for handicapped persons.)

Why is the disease called polio?

Where is Nigeria?

How can we help?

Ayuba also visited Telstar

Ayuba Gufwan of Nigeria, a polio survivor, owns a company that manufactures bicycle wheelchairs. But because there are no handicapped-accessible facilities in the country, Ayuba and others who have had polio use wooden handles like the one on the ground in front of him to pull themselves along the ground.

High School.

The students and Rotarians said they were very interested in helping the polio survivors of Nigeria.

CPS and THS students are now planning projects to raise funds to help purchase bicycle wheelchairs.

Anyone interested in contributing toward the purchase

of bicycle wheelchairs or supporting Rotary International's Polio Eradication program may make checks out to the Rotary Club of Bethel (P.O. Box 471, Bethel 04217) and write either "wheelchair" or "eradication" in the memo line.

West Bethel

by Lorrie Hoeh

Late last week, as I headed out the front door on my morning walk, I looked left and saw that the small clump of dwarf daffodils next to the foundation (south side) was in bloom! Furthermore, on closer scrutiny, I noticed the tiny pink and blue flowers of the pulmonaria (also known as lungwort or spotted dog) were in evidence. Even though there was still considerable snow around (mostly gone now), this was proof that spring was finally here.

The vegetable garden plot is actually ready to be tilled, and Mike may have completed that task by the time this reaches print. I must again take cuttings from the geraniums I started from cuttings last fall, and root them. The plants have pleased us during the coldest, dreariest days of winter with their bright blossoms. Before long, they will fill our window boxes and give us more enjoyment.

I saw in last week's paper that our neighbor, Nic Kingsbury, a junior at Telstar, has achieved Eagle Scout status. We have known Nic since he was in grade school, and we chat occasionally when I am out walking and he's waiting for the school bus. He has grown into an accomplished young man and is to be congratulated for this achievement. He went above and beyond, earning 30 more bad-

ges than the required 21. Well done!

Another neighbor, Keith Giles, e-mailed me last week with this query: "I've asked people I run across if anyone in this area has tried to receive the new digital T.V. signal, so far no luck. It seems I'm the only one who still uses an antenna. So I wondered if you could ask your readers if anyone has any luck receiving the digital signal and how they are doing it. Are they using a rotor, what type of antenna, booster and e-mail me at gilescustom@gmail.com." How about it, readers? Does anyone have any suggestions for Keith?

Sunday morning on public radio I heard it announced that it was Hang Your Clothes Out Day, in recognition of climate change and the energy situation. Not only does it make sense from an economic standpoint (not using all that electricity with a dryer), but things smell so good when they have dried in fresh air and sunshine. So I did a load of whites, hung them out, and then enjoyed the fresh smell when I folded them. Unfortunately, there are places in this country, and even in this state, where there are (ridiculous) covenants against hanging clothes, on the grounds that it's "unsightly." Bosh!

Saturday morning we had a few spinners at the Hoehstead for an extra spinning session, there being five Wednesdays this April, and that's too long to wait for our next "official" session, on the first Wednesday of next month. We enjoyed good conversation, traded spinning secrets, and of course partook of a potluck lunch. By the way,

if any of you out there are interested in spinning or knitting with us, contact me at dhoeh@megalink.net, or 836-3011. Beginners welcome!

On Saturday, May 2, a group of us will be in New York City, walking in the Revlon Run/Walk for Women, a benefit for the battle against women's cancers. Some area folks you may know who are participating are Ann Hastings Morton, bib 3444; MaryAlice Hastings Bancroft, bib 9230; and Virginia Hastings Gamble, bib 1999; otherwise known as the "Dairy Heirs." Others of us locals who will be wearing Dairy Heirs t-shirts in the walk include Susan Herlihy, bib 13156; Sharon Lyon, bib 819; and yours truly, Lorrie Hoeh, bib 888.

If you or loved ones have been touched by any of the cancers specific to women, and you wish to donate to the cause, you can go online to www.revlonrunwalk.com/ny/donate/, click on "Sponsor a Participant Online," fill in the name and bib number, then follow directions for getting to her page and donating. An alternative is to click on "Printable Donation Form," print it out, fill out, and mail in. Be sure you put the walker's name and bib number on the form, so that she gets credit for your donation.

Enjoy the progression of spring, listen to the bird songs, let me know what's blooming. I'd love to hear from you.

April 16 news: Selectmen and Jim Rector discussed

the General Assistance Ordinance mandated by the state at the Public Meeting last Wednesday. They described the town's obligation to applicants who meet the state's criteria to receive financial assistance.

At the Selectmen's meeting, Rod Goodrum, Marie Aron and Norm Mercier unanimously voted to accept the General Assistance Program. In other business, selectmen graciously accepted \$200 from the Stateline Snowmobile Club for use of the schoolhouse, agreed to pay \$90 for Joe Bernier and Bob Brown to attend subdivision and site plan review seminars, and decided to accept bids to put steel on the schoolhouse, tear down the chimney and re-vent the wa-

The meeting was still in progress when I left at 9 p.m.

The sun rose over the top of the hill just as the sunrise service began, making the timing and setting perfect. Jim Rector shared a brief, touching explanation of Christ's life and read the passages in

John describing His death and His resurrection. We enjoyed beautiful Easter music.

The Ladies from the Ladies Aid Association served breakfast from their newly cleaned, freshly painted, workable kitchen to about 40 people. It was wonderful!

Angel and Ben spent part of the weekend with Bob and I. We hadn't seen Angel since October! Joe, Penny, Neil, Krystal, Jes, and Jennie Bernier and Eric Burnett shared Easter dinner with us.

Maggie Valley, N.C., is the Square Dance capital of the world. When rookies learning to dance, swung their feet wildly, they often dug into the shins of their partners. Any dai. ing event (and eventual-

ly any get-together) became known as a "shindig."

We had a piazza on our house. Lots of people have porches. What's the difference? Are the "decks" that people build the same structures and use with a more modern name? An e-mail from a reader wants the answer to this question.

Until next week, Selah.

April 23 news
I had last week's article ready by Monday's deadline. Since Penny had the audacity to be gone, I was left to my own devices faxing the column. Apparently the "Citizen" received blank pages. Guess I have to figure out the fax machine. Sorry.

Nancy Thew has bags of horse manure for sale for \$2.50 a bag. She lives at 137 Thistle Street.

Finally, I'm going to be a grandmother! A maner! My son Joe and Stephanie will be having a baby in July! Now

I'm experiencing all the excitement and hubbub I've witnessed the rest of my family having!

Wendy Annis has piglets for sale. You can reach her at 874-3031. She has one of the biggest boars I've ever seen.

The Ladies Aid annual business meeting will be held on May 16 at their building. At 10, they'll serve a "welcome back" brunch for members who are gone south for the winter and a "welcome" brunch for all new members. The business meeting will start at 11. They have a lot of exciting events planned and hope lots of ladies will join them with new ideas! They're going to build a float for the July parade in Errol, make a quilt to raffle on their annual craft sale/fair on July 18 (which they're expanding abundantly) and are already discussing ways to help Upton celebrate her 150th birthday next summer. Come, join the

fun! Upton residency is not a requirement.

Oliver Wendell Holmes said: "Man's mind once stretched by a new idea never regains its original dimension."

Congratulations to Jennie Bernier who has become a first-time homeowner in Naples.

When the library opens in May, it'll have a much larger selection of books thanks to the donations I've received throughout the winter.

Until next week, Selah.

Andover

by Melinda Averill

Hello Andover friends. Although yesterday was the official "Earth

Day," we all should be practicing "reduce, reuse, recycle" every day. Here is an Earth Day tip: Need to throw out an old thermostat — the round dial kind that has mercury in it? Take it to Aubuchon's for a \$5 store credit. Recycling is a Win Win!

Plans for the annual Andover Alumni Association Banquet are well underway. As many of you know, the banquet is a long tradition here (for some eighty years). If you are an Andover Alumni (living in Andover and have graduated from Andover High School or Telstar High School), you should be receiving your invite in the next five to six days. If you haven't received one, please let me know, so that we can update our mailing lists. Even if you aren't interested in attending the banquet, you can still send your yearly dues (\$2) to Andover Alumni Association P.O. Box 64, Andover 04216.

The Andover Educational Fund was recently mailed. Cut-

ting, Fox, Swett, and Thurston scholarship applications and guidelines. If you have not received your letter, contact Linda Percival at 392-4681 or e-mail Sharon Hutchins at edfund@megalink.net. The May 1 applications are for the Fox, Swett, and Thurston awards; the Cutting Endowment application is to be submitted by July 1.

Celebrating a birthday this week: Marc Chaisson Jr. on the 25th, Matthew Albano on the 26th, and A.J. Currier on the 28th.

Don't forget the Birthday Supper on Saturday at the First Congregational Church. First sitting is at 5 p.m. Menu is turkey and all of the fixings.

As a reminder, many Andover events are being posted to the Community Calendar at www.andoverjournal.net. Check it out!

Have a nice weekend.

On Saturday, the 19th, Leon Dunn and Sandee

attended the Maine Snowmobile Association's annual banquet in Bangor. Leon was awarded the Groomer of the Year plaque. Leon was well represented by the WVSC club members and some from the Rumford, Dixfield and Greenwood clubs. Congratulations, Leon.

The day after Easter I drove to Rumford where Johan Schwind drove us to L.L. Bean's. I returned an indoor/outdoor thermometer that was a gift two years ago. It worked the first winter, but not the second. They gave me a substantial credit

card, which I will use at a later date. That night I stayed overnight with my brother Saul and Johan. It is always a pleasure to be with them.

Now that the snow is gone around the yard and the vernal pond is ice free the peepers started their spring songs on the 15th. Last night, the 19th, I heard the first owl. I think, it was a bard giving his hoots to the night, and he had an answer from a second owl hooting at the same time.

My son, Mark, suggested it would be a good idea to end suet feeding. He said the smell would attract bears to the area. I listened to him and have retired that aspect of bird feeding. The feeders are brought in each night.

Mark Wight and Mo Ginter are working at their campsite on Route 26. The Grafton Notch Camping area will open in May. If you would like to book a stay you may call them now at 824-2292. There will be more information as to dates when the campground is opening.

Claire and Cassidy Webster have sold some of the home-grown chicken eggs that are on sale only during the month of April. Give them a call at 824-2327 if you are interested. The price is \$3 per dozen. Eggs will still be sold after the April sale. Now that the BR Trading Post has a popcorn machine it is getting lots of use as customers are enjoying eating it. There are still lots of fishing gear to purchase. Licenses and registrations for ATVs are also available.

The Board of Selectmen meets on the first and third Monday of each month. The Planning Board members meet on the first and third Wednesday of each month. Their agendas are posted at the Town Office. If you need more information about these meetings you may call the office at 824-3123. All meetings at the Town Office are open to the public.

Gilead

by Lin Chapman

There are signs of Spring everywhere. The perennials in the flower garden are coming up, the spring birds are coming back and the "peepers" are singing in the pond behind the house.

I talked to my brother, Steve McLain, Sunday night and asked him what he had been doing so I could put it into the column. He replied that other than his Saturday trip to the transfer station and stopping here to visit, things have been quiet. He did do a little bit of work on his pickup over the weekend.

Hugh Chapman had a birthday on April 22, but we won't mention how old he is.

So I guess things are quiet in Gilead.

Gilead Fire Department The GFD met last Tuesday night for their regular meeting of the month. They discussed who would be go-

ing to the Cumberland County Fire Attack School in May. There are usually around 5 or 6 members who attend.

Gilead Historical Society Don Katlin has finished the cemetery signs for the four town cemeteries. He did a beautiful job and we can't thank him enough. There have been lots of "beautiful and well done" comments from as far away as Falmouth, Yarmouth and Portland when they got the e-mail with the picture.

Hopefully, the spring newsletter will be going out soon.

Got any news? Call 836-2987 or e-mail chapmal@hotmail.com.

Hanover

by Clem Worcester

The ice went out of Howard Pond on Sunday, April 19.

In the morning about half the pond had ice and by mid afternoon it was all gone except a few drifting pieces against the south shore. It was about two weeks earlier than last year.

The SAD43 school bus driver for Hanover students was taken ill while his bus was parked on Ferry Road before starting his morning pick-up one day last week. Soon after requesting assistance with his two-way radio, police, ambulances, fire rescue and other school buses converged upon the scene near the Hanover Town Office, and the driver was taken to the hospital. A substitute driver completed the route.

The Rumford Point Community Athletic Association will hold its annual bottle drive on Saturday, April 25, starting at 9 a.m. If you are not planning to be home Saturday morning please take your returnable containers to the ball field on Martin Road at Rumford Point. This is a major fundraiser for the children's summer baseball program and everyone's help is appreciated.

Sympathy is extended to Herb and Dottie Adams upon the death of Herb's brother Roscoe (Rockie) Truitt. He died Thursday, April 16, at Central Maine Medical Center at the age of 84. There will be a memorial service on Saturday, April 25, at Rumford Point Congregational Church starting at 11 a.m.

Do not forget the Rumford Grange 115 yard and food sale on Saturday, April 25, from 9 a.m. to 2 p.m. We will see you at the Grange Hall on Route 2 in Rumford Center.

After being dormant for the winter, Plumbago Mountain Mine exploded back to life on April 19. That was when a professional explosives manager touched off the first dynamite blast of the season. A crowd of well-wishers watched from a safe distance until the dust cleared before rushing in to see what might have been uncovered. A celebrant meal was served at Louise Jonaitis' house on Howard Pond Road after the blast.

Richard Stratton has returned home following a trip to California last week for his daughter's wedding at Yosemite Park.

The Bethel Stamp Club will try for a meeting on April 28 at the Robinson House at 2 p.m. If you like to collect stamps, please come to the meeting.

Alder River Grange will have a meeting at the Hall on April 24 with a potluck supper at 6 p.m. and the meeting at 7 p.m.

I think everyone was surprised on the April 14 National News at the end of the newscast. I was half watching, but when Charlie Gibbons mentioned a new "something" from London, I looked up to see this old, frumpy looking woman on a stage. She was being booed by the audience and the judges were rolling their eyes, as well as me. What a surprise when she opened her mouth to sing! I still cannot get over the voice.

If you have any news, give me a ring at 824-3350. God Bless the Troops.

Bryant Pond

Judith Grover Tent 17 DUVCW met on Monday evening at the home of Alice Hoyt. The charter was draped for Past National President Mary Ellen Petry. Eleven members were present.

Leatrice Chase received her 50-year pin, presented to her by her sister, Alice Hoyt. President Elsie Bonney read a memo about a bill to come up for funds for the Maine Monuments for Gettysburg, to keep them in repair. She also mentioned the proposed addition to the honor roll. The committee, Elsie Bonney, Sally Sawyer, Helvi Cary, Michelle Cary will be getting estimates on cost so money raising can start. Fifty calls were reported. Alice Hoyt received the mystery package. Next meeting will be May 11 at the Grange Hall. Flags have been ordered.

Remember the Grange is having a Mock Hee Haw show on Saturday, May 2, at 7 p.m. Come for an evening of fun and good music. Help support the Grange.

Services at the Baptist Church are Sunday school at 9:25 a.m., morning worship at 10:30 a.m., evening service at 6 p.m. Wednesday evening at 6:30 is prayer meeting, Friday evening at 6:30 is youth group.

Sunrise service was well attended as was the delicious breakfast and morning worship service.

Sympathy is extended to Jane Chandler and family for the death of her father.

Guests at the Ken Hoyt's for Easter dinner were Beth and Steve Hoover, JoAnn, David and Shawn Crockett and Jim, Charlene and Maggie Hoyt.

Historical Society

At the April meeting the members enjoyed Italian sandwiches, chips, popcorn and cookies. Don Hoyt gave a donation. Curator Larry Billings showed a cookbook he gave the society. Annella Burnham got the mystery package. At the game party games ranged from an Easter Bunny to a grater. The May meeting will be at the Museum.

West Paris

by Joyce Lamb

Summer is nearly here. All the snow on my property has melted away. The lawns have started to green.

The days are longer but the temperature has not reached a summer mark as yet. The flowerbeds have been cleared of the wet, frozen leaves allowing the crocuses to bloom and the daffodils to bud. Tulip leaves are beginning to show but still no buds.

On April 26 at the West Paris Universalist Church the Rev. Richard Beal will speak about "Responsible Gardening." The service is at 9 a.m. followed by a coffee hour. Jim Burke is organist. The Goodwill Fellowship will attend as a group.

A reminder: A potluck supper on April 24 at 5:30 p.m. will be held at the Universalist Church. All present and former members and friends are invited. A discussion follows of ideas and feelings about the present and future of the church, which has been a part of the community for over a hundred years.

Cynthia Lamb and Milton and Eleanor Inman returned from Plant City, Fla., last week and are busy opening and cleaning their camps.

The Cotton Top walking group is increasing in size as the weather gets better and the Florida people are returning.

Muffin is napping on the desk and goes wherever I am working. She is a big help and gives me someone to talk with beside myself.

Albany

by Sheila Dyke

Greetings and hello from Albany Township. We hope all is well with

everyone out there. We've been enjoying the spring weather — getting the yards/lawns/gardens cleaned out and ready for planting now that most of the snow is gone. Of course, now it's gonna rain for a while. Ah, well...

Dana and David went to the Kyokushin (Karate) meet that was up at Sunday River last Saturday and had a great time. David even won the door prize he had wanted. It was nice that they could get out for a while for some fun.

Best wishes for a happy and safe week. God Bless and Keep.

Waterford

by Rockie Graham

The weather continues to warm up slowly, with cool mornings and sunny, warmer afternoons. The flowers are budding and in some places they are actually blooming. Checking carefully, the mayflowers have leaves, the daffys have greens, and the lilacs have many buds. The new lilac bushes live, but no blooms are apparent. The kids have been hard at work all but running them into the ground. Yet they live on.

It is vacation week, and so far the kids have had a great week. That may change, but still it is fairly warm and I have heard no complaints.

This week I wish Happy Birthday to David Hart Jr., David Sr.'s son. May he have a great birthday!

This week, friends were visiting and David urged me to move the items still on the

floor in the study. Then he would remove the rest of the carpet still clinging. Ten minutes of that and I lost my voice again. David got to work today and removed the rest. Now I probably have to bite the bullet and get shots for the year. Yuck!

This Friday is open mic night at the First Universalist church in Norway. Sign up is at 6:30. Admission is \$3. FMI call Heather Pierson at 935-4505.

On Sunday, the 26th, at 2 p.m., we have a choice. At the First Universalist Church there is an Earth Day Peace Concert. It costs \$5 donation with the money going to the Church Belfry Repair project. FMI call 743-6828.

At the Christ Episcopal Church at 35 Paris Street in Norway, REACH will hold their annual speak out. "Speak out, Sowing the Seed, of Healing from Sexual Assault." Beginning at 2 p.m., refreshments will be served and all are welcome. FMI 743-9777.

Next Thursday, the 30th of April, Mountain Poets will hold their annual Too Cold for the Porch Poetry Reading. All are welcome. It begins at 7 p.m. at the Norway Library. FMI call Rockie at 743-0583.

On Monday, May 4, at the Waterford Library, Socrates Café will meet at 6:30 p.m. The theme for this month's discussion will be "What are Civil Rights?" Moderator will be Earl Morse. FMI call 583-6957.

That is all for this week. We are off to a Drive Training for Seniors and I to a balance training. Will write about it next week; that is if I don't break the computer before then.

It is not working well, again!

"Healthy Eating on a Budget" healthy eating evenings continue with the last evening scheduled at S.S. Milton on Thursday, April 30, beginning at 6 p.m. Sue Milton informs us they will now take reservations up to 46 persons and seats are still available. Their menu includes: House Salad, Minestrone Soup, Orange Chicken, Veronique, Parslied New Potatoes and Raspberry Sorbet. You'll go home with the menus and healthy eating tips, ideas you can use. If you haven't yet taken advantage of these tasty healthy eating evenings and want a treat, give Sue a call at 824-2589. (Leave a message if she's not there.)

Last week's healthy evening took place at The Victoria with 50 diners enjoying a "Turkish Dinner." As one diner said, "It was a special treat to try Turkish food and the yogurt base for many of the dishes." Kamil Sahin told the diners not to skip on the best ingredients when cooking; just be careful about the portions you serve. Everyone went home with copies of recipes and ideas for different foods to try.

If you missed any of the evenings and are interested in getting copies of the recipes, watch for our "Healthy Eating on a Budget Recipe Books," which we'll be preparing with the help of the Community Education Department of S.A.D44 at the completion of the series.

Healthy Eating on a Budget is presented as a community service by the To Your Health Committee of Western Mountains Senior Col-

lege with the collaboration of Bethel Family Health Center, S.A.D44/Community Education and Wayne DuPlessis, counselor. For more information, contact Rosabelle Tiftt at 824-2053.

From
**Oxford County
Democrats**

A Field Trip to the Statehouse was organized by the Oxford County Democrats for Tuesday, May 5, for those who would like to see government in action and to participate in a number of special events featuring Oxford County.

"Many school groups enjoy visiting the Statehouse during the legislative session," County Chair Cathy Newell stated. "Why should they have all the fun? We are providing the opportunity to visit sessions in both House and Senate, to take tours with experienced Statehouse hands, see our legislators in action, and have some special briefings."

Those participating will meet at 9:30 a.m. in the lobby beside the Visitors Center before proceeding to the House and Senate for sessions. Rev. Anne Stanley of Paris is offering the prayer in the House Chamber, and a musical group from Buckfield is playing that day. Other activities will include a visit to the Hall of Flags where Dennis Whitley of Norway and the Heart Association will be holding a press conference and an exhibit. The group will meet with individual legislative leaders, and will meet area legislators for lunch in the cafeteria. Depending on the special interests of participants, there will be afternoon visits to committee hearings or special briefings by state government officials. There is an option to visit the State Museum for a nominal charge.

Oxford County Democrats welcome those who have an interest in government to join in. RSVP to Cathy Newell at 875-2116. There will be an attempt to organize carpools, and directions to the Statehouse will be provided.

From
Gould Academy

Acclaimed Georgian-Russian pianist and teacher Dr. Tamara Poddubnaya will give a Steinway Series recital on Thursday, April 30 at Gould Academy. The program, which will include excerpts from well-known piano concertos, will begin at 7:30 p.m. in Trustees Auditorium in the McLaughlin Science Center. The recital is free with seating limited to 65.

A distinguished graduate of St. Petersburg's Rimsky-Korsakov Conservatory, Dr. Poddubnaya soon established herself as one of Russia's foremost keyboard artists and piano teachers. Renowned for her masterful command of a vast repertoire, she has performed to great acclaim in Europe and the United States. She frequently serves on juries at international piano competitions and keeps a busy schedule of teaching and performing in Russia, the Netherlands, and the United States, where she is Professor of Piano at the Long Island Conservatory and visiting professor at the Portland Conservatory of Music. We have a lot of freshmen. Captains are Ben Cross, who will do the bulk of the catching, and James Kimball, who is our top pitcher and will play centerfield. This is clearly a young team. The starting infield could be all freshmen. We like what we've seen so far in preseason games. We think that we will improve over last year's six-win season and will be a surprise to many of our opponents. — Co-coach Bob Remington

The team, finalists in Western Maine Class C playoffs last year, lost five starting players to graduation. Pitching should make the Rebels competitive in the MVC this season. march for babies

"All 3 babies were in Isolettes, tube fed, treated for jaundice and hooked up with every type of monitoring system you can imagine. All very overwhelming and scary to a first time mom. The sound that the Isolette's alarm made if a baby was in distress still haunts me." Lydia Mills

BEFORE BUYING A HOME!

Where do you start when you are ready to buy a home? Before you begin looking for a home, you have to make some decisions. You need to decide what is important to you when purchasing your home. Before starting out on your home search it is a good idea to sit down and develop a list of what is important and what would you like in your new home. Your list could include schools, neighborhood, amenities, number of bedrooms, number of baths, a basement, a separate dining room, 2-story family room or foyer, one level ranch plan, master bedroom on the main level, special financing, seller willing to cover closing costs and the list goes on and on.

An experienced buyer real estate agent can help you through the process. There is no such thing as a perfect house, therefore once you have developed your list you should begin to prioritize it. You can prioritize into, "must have", "should have" and "would be nice to have". By having a clear understanding what you want in your new home, and the priority of those items, you will be in a much better position to decide whether you want to put an offer on a house you see and like. It is also a good idea to consider whether you want to purchase a new or pre-owned home.
